SLOPE RESCUE CARD

You can obtain a Slope Rescue Card when buying your ski-pass at our skipass desks or in the online shop. It is possible to obtain a Slope Rescue Card if you have already bought your skipass (but not after the accident has occurred). The term of insurance is equal to the validity period of the skipass (it's not possible to extend it).

SLOPE RESCUE CARD € 3.00 PER PERSON AND DAY

The Slope Rescue Card includes the following: Rescue service and first aid is free for injured persons within the entire secured Gurgl Ski Area and Sölden Ski Area as well as the transport depending on the injury's gravity – either by akja sled, ski doo, rescue bubble – to the Red Cross base or the rescue helicopter. Costs arising from an Alpine rescue operation by helicopter are covered by the Slope Rescue Card subsidiarily and only in case there is no other valid, already existing rescue insurance which takes over the rescue costs for the injured person. Please note that costs arising from ambulance transports made by the Austrian Red Cross and helicopter rescues are not included and must be paid separately. Without a Slope Rescue Card the injured person must cover all costs arising from first aid, rescue operation and transport. More detailed information available at the official skipass desks.

SLOPE RESCUE COSTS (EXCLUSIVE OF RED CROSS & HELICOPTER TRANSPORT)

- Marked ski area € 170.00
- Marked ski area if helicopter is needed € 190.00
- Free skiing terrain € 220.00
- Service ride € 40.00

SAFETY ON THE SKI SLOPES

Please always pay attention to the huge panorama boards, information panels and all other signposts in the ski area. Never leave the secured skiing terrain - Alpine hazards! FIS rules apply. All slopes - except the officially certified night skiing slopes equipped with floodlights - are closed between 4:30 pm and 9:00 am!

Ski slopes are closed 4:30 pm – 9:00 am
No safety measures when ski slopes are closed. Great risk of injuries due to snow-grooming machines, cable winches, avalanche protection works, uncovered cables, tubes, snow making devices, etc.

Free Skiing Terrain
Besides ski routes and runs there is also free skiing terrain where a ski instructor and enough Alpine experience are required.

Snowmobiles
Watch out for snowmobiles, utility vehicles or snow grooming machines at any time!

Avalanche Hazard
This sign indicates that there is a certain risk of avalanches on the ski slope – due to its incline, location or other local circumstances.

Closed Ski Run
The ski run is closed. It is strictly forbidden to ski down such a slope!

REFUND

- Skipasses are refunded only in case of a sports accident within the ski area, and only on presentation of a written report by the local slope rescue team. The report must be handed in only at the skipass office of Festkog! mountain gondola or at all Hochgurgl cash desks.
- No refund for accompanying persons. We recommend a travel cancellation insurance for all travelers.
- Skipass days following the day of the accident will be refunded. Hourly tickets and 1-day skipasses will not be refunded. In case of a refund the rescue, service and first aid costs arising from the slope rescue will be deducted
